If They Had Known

An eye-opening, powerful documentary about two tragic deaths.
Misusing prescription drugs for ANY reason can kill you.

Knowing these 5 things could help save your life or the life of a friend.

**Two stories,
two deaths...
neither should
have happened**

- 1 Mixing prescription drugs with alcohol can be toxic
- 2 Accidents can happen to anyone
- 3 Don't hesitate to get help, every minute counts
- 4 Self-medicating your anxiety, stress or depression with unprescribed prescription drugs is a risk not worth taking
- 5 Purchasing prescription drugs online or off the street is extremely dangerous
