OUR YOUTH

HOW TO SUPPORT US

Clay Soper Memorial Fund is a 501(c)(3) nonprofit organization. We rely on donations, sponsorships, and grants to continue our mission.

THERE ARE MANY WAYS TO SUPPORT THE CLAY SOPER MEMORIAL FUND

CORPORATE PHILANTHROPY

The Clay Soper Memorial Fund is excited to have a program that benefits the health and well-being of our corporate sponsors, employees, and community members.

Here's how your company can get involved. We're asking corporate sponsors to help us bring our documentary program, "If They Had Known," to parents and families in your organization and your community.

We know our documentary program is having an impact and helping to educate, engage and empower our teens about the risks of misusing and abusing prescription drugs. Help us reach your community.

All it takes is two easy steps:

- 1) Visit our website:
claysopermemorialfund.org
- 2) Fill out the "contact us" or "send me info" form and we'll get back to you with details on how to bring this program to your community.

WAYS TO SUPPORT

- ▶ Host the documentary program for your community to fulfill employee public service hours. We provide a Program Toolkit with facilitation guidelines and a question set to engage in a proactive post-viewing conversation.
- ▶ Through your corporate communications and social media platforms, help us promote the individual rental of "If They Had Known" on Amazon and Google Play. We can provide the marketing materials you require.
- ▶ Sponsor our fundraising efforts by donating products for our annual events: Clay Soper Memorial Weekend Ski Championship and the Clay Day Bike Ride.
- ▶ Does your company sponsor matching gift programs? Mail or email the form to us, and we'll take care of the rest.
- ▶ Tuesday, November 28, 2023 is Giving Tuesday. Please consider the Clay Soper Memorial Fund on this global day of giving.

"If They Had Known"

WATCH THIS FILM. HELP SAVE A LIFE.

"If They Had Known" is a documentary that shares the story of Clay Soper's tragic, accidental death at 19 from mixing prescription drugs with alcohol. Narrated by friends and family, the film is an honest and emotional account of the night Clay died and the lasting impact of his death.

The documentary and the Program Toolkit catalyze peer-to-peer discussions about the risk of misusing and abusing prescription drugs and provides teens with potentially life-saving information.

"If They Had Known" is a program of the Clay Soper Memorial Fund. Our mission is to educate, engage and empower today's teens with life-saving information about the risks of misusing and abusing prescription drugs and to help motivate cultural change among young people.
